Dear Counselor:

Please pardon my long delay in answering your letter, but I have been trying to get the letter you asked me for from some high Official here in Jersey. I have been of course, as you no doubt know, very busy, which has probably hindered me a lot. I imagine I should have made a trip to Trenton, but have not had time to do so. I definitely still want the boy.

I am enclosing the check for your telephone calls, which I appreciate very much your having made. I will contact you again as soon as I have something definite. In the meantime if you do anything further, please let me hear from you.

Very truly yours,
